

Infant Sleep Permission Form

Prepared by ND Child Care Resource & Referral Health Consultant Team

The American Academy of Pediatrics recommends keeping soft objects and loose bedding (including blankets) out of the crib/playpen to reduce the risk of SIDS, suffocation, entrapment, and strangulation for infants under the age of 12 months. The AAP recommends the use of pacifiers for sleep. Studies have reported a protective effect of pacifiers on the incidence of SIDS. The pacifier is not recommended to be attached to the infant's clothing or to a stuffed animal/toy. The pacifier should be checked for tears before each use.

Effective January 1, 2013, ND Child Care Licensing Regulations state:

With written parental permission, the provider may place one individual infant blanket or sleep sack, a pacifier, and a security item that does not pose a risk of suffocation to the infant in the crib or portable crib while the infant is sleeping or preparing to sleep.

Parent/Guardian Authorization

I have read the information on this form and give _____
Print Name of Provider/Program
permission to use the following checked item(s) when my infant _____
Print Infant's Name
is sleeping or preparing to sleep:

- One infant blanket (a thin blanket is recommended)
 - If infant is being swaddled, the blanket should not come any higher than to the shoulders of the infant.
 - Swaddling should be discontinued once the infant shows signs of rolling over.
- Sleep sack
 - Swaddle sleep sacks (with arm panels) can be used until the infant shows signs of rolling over. Once the infant shows signs of rolling over, sleeveless sleep sacks should be used.
- Pacifier
- Security item (specify item) _____

Name of Parent/Guardian (please print) _____

Parent/guardian Signature _____ Date: _____

**** It is recommended to place a copy of this form in the infant's file as well as post near the infant's crib/playpen (out of infant's reach) for providers/staff to reference.**
